

## Prophylactic **TRE**atment **O**f the du**C**tus **A**rteriosus in **P**reterm infants by **A**cetaminophen

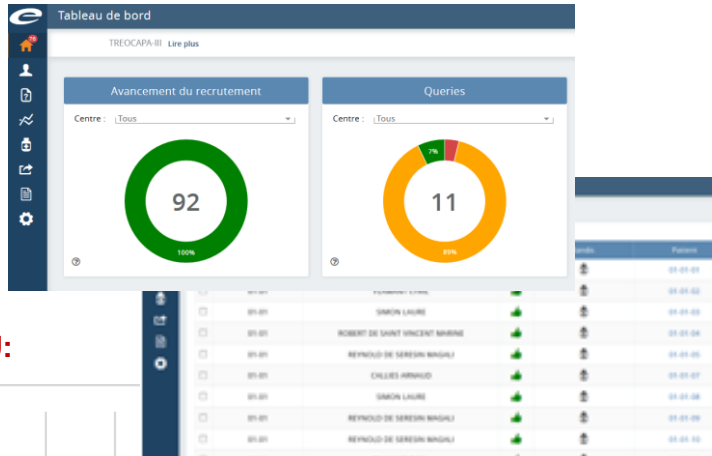

Dear Investigators, Dear all,

First of all, we wish you a very **Happy New Year 2022**. We look forward to a successful and prosperous year for the TREOCAPA study!

With **30 sites** open for recruitment in **9 countries**, patient inclusions in the TREOCAPA Phase III study are progressing well with **92 patients** included to date.

### eCRF Update

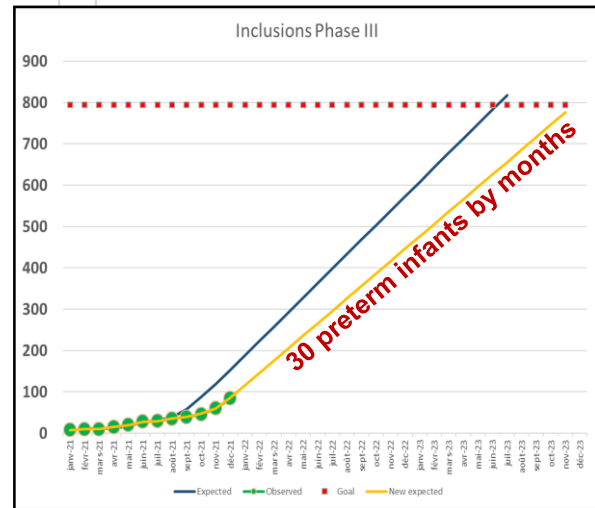

A new version of the eCRF, more modern and user-friendly, **is now accessible** for patient inclusions!

### Number of included Phase III patients/NICU:

### Projection of Phase III inclusions :

**The TREOCAPA Study Team**

TREOCAPA is a study co-developed with parents and their European representatives.

This study is funded by the c4c project. Find out more here: <https://conect4children.org/>

This project has received funding from the Innovative Medicines Initiative 2 Joint Undertaking under grant agreement No 777389. The Joint Undertaking receives support from the European Union's Horizon 2020 research and innovation programme and EFPIA.
